FRANCE FEARS MORE TROUBLE

(Continued from First Page.)

Hostilities again break out, would be to occupy the Ruhr coal district. Premier Millerand leaves next week for a tour of inspection of the French advance posts along the Rhine. He will arrive at Bonn on the evening of September 5 and will visit Coblenz, Wiesbaden and Mayence.

France is now free to turn her full attention to Germany. The Poles have won a complete victory and advancing into Lithuania, have reached their distant goal north of Suwalki. Germany will be almost cut off from contact with the Bolsheviks.

French plans in Southeast Europe also are progressing favorably. France is cementing her relations with Rumania, Bulgaria and Hungary, and has obtained complete influence over all shipping in the Danube by reason of the control of the harbors of Budapest.

HAS BELGIAN SUPPORT.
Finally her military alliance with Belgium will be ratified tomorrow. The Belgian Premier, De Broqueville, has just returned from a mission to the French capital to discuss the ratification of the treaty.

The declaration of Walter Simons, German Foreign Minister, that he intends to notify the Entente that Germany cannot keep her commitments on account of the situation in Upper Silesia, brings French military action one step nearer.

The prospect of labor trouble in the English coal mines makes the French need of German coal imperative. The loss of Germany's intentions will be forthcoming at the Brussels and Geneva conference next week.

Dr. Simons' ominous words about strained relations between Germany and Poland also show Germany's intense dislike of Polish actions, strengthened by recent tortures.

ACCEPT FRENCH DEMAND.

LITHUANIANS HIT POLES.

Drive Troops Back on Whole Front.

Defenders Recapture Five Villages and Continue to Move Forward.

Remnants of Budenny's Once Great Cavalry Now is Well Scattered.

(BY CABLE AND ASSOCIATED PRESS.)
BERLIN, Sept. 3.—A Kovno dispatch issued by the Lithuanian Telegraph Agency says Lithuanian detachments have attacked Polish troops and driven them back twenty-five to fifty versts over the entire Grodno-Suwalki front. They also took prisoners and captured war materials.

The Lithuanians are reported to have recaptured five villages yesterday. The advance is reported to be continuing.

Information received in Berlin from other sources is that the seat of the Lithuanian government is shortly to be transferred to Vilna.

ADVANCE CONTINUES.
(BY CABLE AND ASSOCIATED PRESS.)
PARIS, Sept. 3.—Advices to the Foreign Office today stated that the Poles are continuing their advance in Lithuania, having reached a point twenty miles north of Suwalki. The Lithuanian government has been deeply moved by the occupation of Zoloty, to the east of Suwalki, the advices said.

Gen. Budenny, the Russian Bolshevik commander, who has been attempting to break the Polish lines in Galicia, and who has suffered defeat, is rapidly retreating, it is said. Along the line from Sokolka to Brest-Litovsk, on the northeast Polish front, the situation is quiet.

Brilliant service by aviators, among whom are many Americans, especially mentioned in the statement.

DANIEVSKY RESIGNS.
(BY CABLE AND ASSOCIATED PRESS.)
WARSAW, Sept. 3.—M. Danilevsky has resigned as head of the Russian peace delegation and has been replaced by Adolph Abramowicz Joffe, former Soviet ambassador to Germany and chairman of the Russian peace delegation at Brest-Litovsk, according to official reports.

M. Danilevsky resigned because the Soviet government agreed to carry on further negotiations with Poland at Riga.

Prince Sapieha, Polish Foreign Minister, received a wireless message from George Tchitcherine, Bolshevik Minister of Foreign Affairs, stating that the essential condition as to the Riga conference was a guarantee as to the immunity of the Russian and Ukrainian delegates, the right to free and uninterrupted communication in code between Poles, wireless and by couriers, carrying diplomatic sealed pouches. Upon receiving such guarantee, M. Tchitcherine said, the Soviet delegation will leave for Riga, with full power to agree to an armistice preliminary to peace, and to negotiate a final peace treaty.

Prince Sapieha has wired the Polish Minister in Riga to obtain the demanded guarantee from the Lithuanian government and to communicate the result direct to the Bolshevik Minister in that city.

TO FIGHT INVADER.
(BY CABLE AND ASSOCIATED PRESS.)
BERLIN, Sept. 3.—Lithuania will defend herself with all means at her disposal against invasion by Polish troops, and will prevent any further violations of her territory, says a Kovno dispatch. The statement has been issued by the Lithuanian Foreign Minister, who declared:

"The Polish government has issued instructions for military occupation of Lithuanian territory, and for having Polish troops and officials by expressing friendly and peaceful intentions."

The note says the Poles attacked Lithuanian troops with boundary negotiations were pending.

TROOPS WITHDRAWING.
(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Sept. 3.—Reports that fighting has occurred between Polish and Lithuanian troops near Augustowo are denied in a telegram received in this city from Warsaw, says the London Times. It is also stated that Lithuanian troops in that vicinity are withdrawing without fighting against the Poles.

STAND OFF JOFFE.
(BY A. P. DAY WIRE.)
WASHINGTON, Sept. 3.—The attitude of the newly-appointed head of the Russian peace delegation, Joffe, towards Poland and the Baltic provinces, is set forth in a confidential statement made by him to a Lithuanian official last month and received here today in official circles.

"Russia," he declared in the announcement of his policy, "is willing to negotiate on reasonable terms with Poland and to treat her in the same manner as the other states bordering on Russia."

At the time at which the statement was made by Joffe, August 10, his terms included the demand for a corridor to Germany through Poland, and unrestricted passage through the Danzig corridor. Demobilization of the Polish troops was "the one thing," he said, "which is specifically desired."

Concerning the Baltic provinces, whose independence the United States has consistently refused to recognize, Joffe stated:

"Russia is insisting that these provinces remain independent. In this it will be possible for Russia to avoid a complete blockade and the starvation which would follow."

Later, Joffe thought that the provinces would voluntarily join Soviet Russia.

RALFOUR REPLIES.
(BY CABLE AND ASSOCIATED PRESS.)
LONDON, Sept. 3.—Arthur J. Balfour, Lord President of the Council, today replied to the dispatch of M. Tchitcherine, Russian Bolshevik Minister, sent on August 26.

Mr. Balfour expressed gratification that the Soviet government recognizes the demands for a workers' militia. He declares that M. Tchitcherine is mistaken in supposing that the British government recognizes the reduction of the Polish army to 50,000 men would be just peace terms, but declared Great Britain would not

COLORADO'S GROWTH SHOWS SLOWING UP.

CENSUS BUREAU GIVES STATE POPULATION OF LESS THAN A MILLION.

(BY A. P. DAY WIRE.)
WASHINGTON, Sept. 3.—With a numerical increase of 140,325 in the last ten years, the State of Colorado showed a growth since 1910 of only a little more than half of that made in the previous ten years. The Census Bureau's announcement today gave the State a total of 939,474 inhabitants. Colorado's rate of growth in the last decade was 17.6 per cent, compared with 48 per cent in the previous ten years.

Colorado was organized as a Territory in 1861, but its population was not separately enumerated at the Federal census of 1860. During the ten years from 1860 to 1870 its population grew at a comparatively low rate. In 1870 Colorado was admitted as a State, and during the twenty years 1870-90, a more rapid growth was shown. The population increased almost five times during the decade 1870-80, and somewhat more than twice during the decade 1880-90. There was a substantial though slower growth from 1890 to 1910 than during the preceding two decades, the increase in population for the twenty years having been 385,775, or 42.4 per cent.

Other census figures given out were:

Denver (revised)	256,401; increase 42,110, or 20.2 per cent. Previous annum, 214,291.
Faribault (Minn.)	11,089; increase 2041, or 23.2 per cent.
Boulder (Colo.)	12,959; increase 1450, or 12.2 per cent.
Troy (N. Y.)	72,013; decrease 4800, or 6.2 per cent.

TURKEYS GOING TO BE A DOLLAR PER POUND.

(BY A. P. NIGHT WIRE.)
SANTA BARBARA, Sept. 3.—Turkeys may reach a record price of as much as \$1 per pound by Thanksgiving, according to poultry dealers here.

Ranchers, it is stated, have refused as much as 65 cents a pound live weight, and one rancher, said to have approximately 2000 turkeys, reported to have refused an offer of \$14 a head for his stock.

Coyotes and skunks are said to have killed and consumed large number of turkeys this year. Another element said to be forcing the price of turkeys upward is that young turkeys are being fed on hard boiled eggs for a period of four weeks.

Costs Less Than Half as Much—

The revival of adobe as a building material marks the greatest step toward practical and economical home-construction made in recent years. In its "Modernized" form, adobe has many advantages over any other type of building material—it is enduring—solid—permanent—a "non-conductor" of Summer heat and Winter cold—at a cost surprisingly low.

The "Modernized Adobe" homes in Walnut Park are as attractive in appearance as they are permanent in construction. They have beautifully finished and decorated interiors and embody every modern convenience and comfort.

Come with us on our next free trip to Walnut Park—you'll see these "Modernized Adobe" homes that are so practical in construction, modern in design and rich in the traditional lore of early California.

Bus leaves 522 1/2 S. Hill street today at 10:30 a.m. (First door north of B. & M. Cafeteria, opposite Pershing Square.) Free luncheon specially prepared. Delicious home cooking. Other excursions Tuesday, Wednesday, Thursday and Friday.

CHATTEN STORES ARE INSOLVENT.

High Cost of Soft Drink Products Blamed.

Head of Corporation Named as Receiver.

Raise in Price of Orange Drink Factor in Trouble.

(EXCLUSIVE DISPATCH.)
CINCINNATI (O.) Sept. 3.—Weather conditions of the last six months, high cost of products used in the soft drink business, and handling of California fresh fruits having seriously injured the Chatten Fruit Corporation, are given as the cause for the application filed yesterday in the bankruptcy court here for receivership for the concern.

The Chatten corporation has operated from fruit and soft drink sales in this section since the coming of Chatten from Southern California. Chatten states that the corporation made \$40,000 net profit year before last, but last year lost \$30,000. He says the corporation owes him \$2000 and other creditors listed say they have \$4000 coming.

A number of formulas and receipts, store fixtures and manufacturing attachments are listed in the assets. Chatten was appointed receiver.

Chatten recently raised the price of the orange drink, an investigation by the Federal Fair Price Commission. This, it is stated, caused a loss in the orange drink business.

Chatten, when he started here, was rated as a millionaire owning orange groves near Los Angeles.

TE SYSTEM NOT APPROVED.
Coast Complaint Cause of the Report.
Innovation Charges Are Roundly Scared.
Route Already Is Taking Tollage.

(BY A. F. NIGHT WIRE.)
WASHINGTON, Sept. 3.—General approval of combination based on distances east and of the Mississippi and Missouri was expressed in a tentative report submitted to the Interstate Commerce Commission today by Ex-Senator William A. Dugan.

The report was drafted in connection with a complaint filed by the Interstate Commerce Commission against the Pacific Coast cities and the surrounding territory from points of the Rocky Mountains.

It was expressed by the committee, if adopted by the commission, would result in a complete revision of the method of establishing rates throughout the country.

Combination basis ordinarily normal, unnatural, unscientific, arbitrary, and some may say, "un-American." Ex-Senator Dugan's report is almost said to be prima facie evidence that the Interstate Commerce Commission is more and more a national system, and the day is not far distant when we

RED CRESCENT CASH GAMBLED.
Money Collected Here for Sufferers Misspent.
Ambassador Played Market, Court Record Says.
Estate Is Badly Muddled; Accounts Numerous.

(BY A. F. NIGHT WIRE.)
NEW YORK, Sept. 3.—The greater part of more than \$100,000 collected in the United States for the benefit of the Turkish Red Crescent, an oriental Red Cross, was used for speculation in stocks by the late Abdul Hak Husein Bey, acting Turkish Ambassador at Washington, prior to severance of diplomatic relations between Turkey and the United States, according to an affidavit filed here today in Surrogate's Court.

Following the Turkish diplomat's death at Atlantic City in 1918, Sebastian Romero, Spanish Consul-General acting for the Turkish Ambassador after the severance of diplomatic relations, was appointed administrator of his estate.

CAPLES FOR HELP.
In attempting to collect \$114,354, the amount collected by Abdul Hak Husein for the Red Crescent, he found the diplomat's accounts so much a muddle, it is alleged, that in behalf of the Turkish government he employed a law firm here to straighten them out.

The affidavit filed by a member of the firm, and the Turkish ambassador actually sent only \$114,712 to Constantinople. The remainder, it is stated, has been placed in banks here in Chicago, Detroit, St. Augustine, Fla., and other cities. He also had accounts with numerous brokerage firms. It is said.

The diplomat's widow, a resident of New York, has relinquished all claims to the estate and is endeavoring to straighten the accounts. It is added, the surrogates filed an order directing payment.

STATE FAIR IS READY TO OPEN.
Exhibits from Twenty-seven Counties on Display.
Harness and Running Races to Start Program.
Products of California Farms, Mines Are Shown.

(BY A. F. NIGHT WIRE.)
SACRAMENTO, Sept. 3.—With exhibits in place from twenty-seven counties, the largest in history, the 1920 California State Fair will throw its gates open at 5 o'clock tomorrow morning. Already Sacramento is crowded with visitors and indications point to a record attendance through the ten days of the display.

The program will get under way at 2 o'clock tomorrow afternoon when three harness races and two running races will be held on the track in front of the grand stand. A variety of other events will be staged between the races.

Tomorrow will be agricultural club day, featured by live stock judging by students from the agricultural clubs of many high schools and students from the university state farm at Davis.

The horse show and the kennel show, in conjunction with the State Fair, will start tomorrow night. The show will continue until September 11.

In addition to the county exhibits in the agricultural pavilion, the tractor show, housed in the largest tent in the world, and the live-stock show, with more entries than the Panama Pacific International Exposition show, will be big features.

Practically all the products of California farms, mines and factories will greet the public when the gates are thrown open.

FOLLOW ROUTE TAKEN BY PILGRIM FATHERS.
BY PILGRIM FATHERS.

(BY CABLE AND ASSOCIATED PRESS.)
THE HAGUE, Sept. 3.—Favored by splendid weather, committee members of the Pilgrim fathers' congress left Leyden today by special steamer which took them along the identical route followed by William Brewster and his companions. The view of the town as the steamer left was almost the same as when the Pilgrim fathers departed for America. From Leiden, the steamer proceeded by special train to Delft, where the pilgrims of old had their last services before leaving for Southampton and where a memorial tablet had been placed by the American Pilgrim Society.

WOULD PROTECT INLAND COLONY OF SEAGULLS.

(BY A. F. NIGHT WIRE.)
BRIDGEPORT, Sept. 3.—Protection is being advocated here for a colony of seagulls which for years has occupied an island in Mono Lake, a small body of water several hundred miles inland. Recently a desert location was placed on a portion of the island and it was feared the gulls would be driven from their home. Naturalists state the colony is unique as gulls seldom are found on such small lakes so far inland.

SUFFRAGE OPPONENTS ARE GIVEN SETBACK.
JUDGE DENIES APPEAL TO CERTIFY CASE AT ONCE TO SUPREME COURT.

(BY A. F. NIGHT WIRE.)
WASHINGTON, Sept. 3.—Opponents of woman suffrage received a temporary setback today in their efforts to expedite appeal from the decision of Justice Bailey of the District of Columbia Supreme Court refusing an injunction to prevent Secretary of State Coby from promulgating the suffrage amendment.

Chief Justice Smith of the District of Columbia Court of Appeals denied the petition of suffrage opponents for certification of the United States Supreme Court with-out waiting for a decision by the appellate tribunal.

The Chief Justice held that he lacked authority to certify. Counsel for the anti-suffragists, however, have not abandoned hope of getting the case into the highest court before election day and when the Court of Appeals convenes. October 6, will make a motion to advance the case on the calendar and probably request that their contention be overruled in order that they may appeal at once to the United States Supreme Court.

GOV. ROBERTS ACTS.
NASHVILLE (Tenn.) Sept. 3.—At the request of the House of Representatives, Governor Robert L. Taylor, tonight forwarded to Secretary of State Coby a certified copy of the fourth of that body's last Tuesday, when the attempt was made to rescind its previous action in ratifying the Federal suffrage amendment.

MYSTERY" WOMAN IN CASE. Locate Two More Witnesses in Venice Slaying Case; New Charges Made.

(Continued from First Page.)

There was the missing gun. In support of her charge of a "shoot-up to kill," Mrs. Graydon said she and her husband had been in the house at the time of the shooting. She said that she had been in the house at the time of the shooting. She said that she had been in the house at the time of the shooting.

DETAILS OF BATTLE.

"They had figured absolutely to get my husband out. Just as Mrs. Graydon got to the door, Mr. and Mrs. Doane closed in behind him to prevent him from retreating into the house. Mrs. Doane, wearing a blue language, began beating him on the back of his head. My husband was not a hand against woman, yet Mrs. Doane cried out: 'Don't do that!'

"Then Bowers rushed up—a man who was a total stranger to Mr. Graydon and myself. The four of us surrounded Mr. Graydon, beating him, while I attempted to pull him away.

"After Mrs. Roe shot my husband, Mrs. Doane exclaimed: 'Mr. Graydon has a gun!'

"Then Mrs. Roe held up a black- jack and said: 'See, here is the blackjack he hit me with!'

"And then I heard Bowers say: 'He didn't get her, too?'

"Another witness was located late last night and a deposition was taken. It is said, to the effect that Mrs. Roe was heard to say immediately after the shooting that she was willing to spend the rest of her life in jail if she had only had Graydon.

INQUEST AT REACH.

The inquest was held in the un- taking parlors of Robert Sharp (son, Venice). The witnesses were examined by Dep. Dist. Atty. Van- derbilt and Acting Coroner Williams.

The first witness was Officer Wil- son H. Ostroff, who assisted in the arrest of the four accused per- sons. He testified that upon his ar- rest at the scene of the crime he found Mrs. Roe and Bowers cov- ered with blood.

Officer Ostroff had been summoned to the scene by Miss Joan Marshall, sister of Mrs. Graydon. He said that she had arrested Mrs. Roe and Bowers, he searched them and from Mrs. Roe he took a blackjack and a Bowers' coat pocket he found a pair of brass "knucklers."

"I interviewed Mrs. Graydon," said the officer, "and she told me that she had shot Mr. Graydon." Grace Adkins, a taxicab driver, a stranger to all parties en- gaged in the fatal battle, was the third witness. Adkins had been led by Mr. and Mrs. Graydon to the house, to the bungalow which was the cause of all the trouble.

Mrs. Graydon hired my car," said Adkins. When we arrived at the house, Mrs. Roe and Bowers were on the porch. Mrs. Graydon told me to remain as a witness. She expected trouble, I sug- gested that if they were expecting trouble then they should notify the police. With Miss Marshall, sister of Mrs. Graydon, I went to the Ven- ice police to secure warrants for

the arrest of the people who were implicated in the trouble.

"Miss Marshall was informed that a mistake had been made, when the Sheriff had told the Graydons it would be all right to take possession of the house, and then Miss Marshall and I hastened back to the house and explained to Mr. and Mrs. Graydon. Mr. and Mrs. Graydon were preparing to leave the house and surrender it to Mrs. Doane peace- ably when Mrs. Doane entered the house. Mr. and Mrs. Doane were in the house and then Mrs. Roe and Bowers demanded admittance.

SAYS BOWERS HIT FIRST.

"Mrs. Graydon objected to those persons entering and Mrs. Doane started for the door, ahead of Mr. and Mrs. Graydon. Bowers rushed in and struck Mr. Graydon. They began to fight on the porch. Mrs. Roe struck Mrs. Graydon on the head and Mrs. Doane joined Bowers and Mr. Doane in their attack on Mr. Graydon.

"From the porch the fight was transferred to the lawn. The two men were in front of Mr. Graydon. Then Mrs. Roe held a gun de- liberately at Mr. Graydon's back and shot him. After Mrs. Roe fired the shot I saw her throw up her hands. In one hand she held a gun. I have never met any of the parties in the fight before. I do not know any of them personally."

Officer H. W. Helmick, the third witness called, testified that he had searched Mrs. Roe's car and found six cartridges beneath a carpet. "I took a blackjack from the woman and a pair of knuckles from Bowers."

RAW SOMETHING SHINY.

"I was about fifteen feet from the shooting when it occurred," she said. "My brother was facing the house. Then Mrs. Roe held a gun de- liberately at Mr. Graydon's back and punching him. I saw Mrs. Roe hug out from the sidewalk and I saw in her hand something shiny. Then I saw her fire and my brother sank to his knees as he said: 'Honey, they've shot me!'

"Mrs. Roe was facing my brother's back." "Before he was shot, Mr. Gray- don told Mrs. Doane that an error had been made and that he and his wife were willing to vacate peace- ably. Then Mrs. Roe and Bowers started the fight. Mrs. Roe ran be- hind my brother and fired at his back."

Mrs. Graydon, the widow, was not called to the stand. She had suf- fered a collapse following her hus- band's death and was in the care of a physician and a nurse.

Following the testimony the Cor- oner's jury returned the verdict: "We find that McCullough Gray- don came to his death as a result of a gunshot wound inflicted by Mrs. Maybelle Roe with intent to do bodily harm."

ISSUES FOUR COMPLAINTS.

Before returning this verdict the jury was instructed that their find- ings would have bearing alone on the gunshot wound. Despite this verdict, Dep. Dist. Atty. Van Cull issued the four murder complaints, as all four of the accused persons had been engaged, it is charged, in the fatal struggle that caused Mr. Graydon's death.

Following the inquest Deputy Sheriff Anderson stated that he had talked with a woman at Venice, a visitor there, who saw the fight and heard the shot.

LOOKS OVER PRISON AND QUITS FIGHT.

Man Awaiting Trial Makes
Inspection of San Quentin;
Approves, Pleads Guilty.

While awaiting trial on a charge of committing an offense against his step-daughter, James A. Chamberlin, former head of a religious cult at Pomona, accompanied by his wife, made an inspection of San Quentin prison.

Yesterday he appeared in Judge Craig's court and made the state- ment he was satisfied with the prison. He changed his plea to guilty, waived time for sentence and at his own request was sentenced to prison from one to fifty years. He was to leave at once for the north in custody of a deputy sheriff, though he was entitled to three days more here.

Before pleading guilty, Chamber- lin sold his property for about \$200,000. It was said in court. Ar- rangements for the plea were made by S. S. Hahn, his attorney, with Dep. Dist. Atty. Price.

Chamberlin was sentenced for an offense against Lucile Allison, his step-daughter, aged 16 years. He was also accused of offenses against Irene Allison, a step-daughter, 17, and Edna Chamberlin Hall, his own daughter, 18. The latter two charges were continued until Tues- day for the court to consider a dis- missal.

Court Clerk's
Indictment is
Found Faulty.

Holding that the indictment against Clyde C. Johnston, former clerk in the court of Police Judge Chesbro, was uncertain in various respects, Judge Willis yesterday sustained a demurrer to the indict- ment. The indictment was resub- mitted to the grand jury for recon- sideration. It was understood that specifying the exact amount said to have been taken from the court safe.

Paul Schenck, defense attorney, held the indictment was uncertain as to the amount said to have been embezzled, as to what capacity the clerk acted in, and that the designa- tion of the Police Court department was "incorrect." Dep. Dist. Atty. Powell upheld the validity of the indictment.

MUM ON HOMECOMING.

Husband Didn't Tell Wife When He Came from India: She is Freed.

Mrs. Minnie E. Spiller, an attractive young woman who has a daughter 16 years old, was granted a divorce from Ernest A. Spiller by Judge Taft yesterday. The evidence dis- closed the fact that Mr. Spiller, an oil driller, went to India and re- fused to take his wife and child with him. He returned and was working at Maricopa before she knew he had left India. During his absence, he sent his wife a monthly allowance for the support of their daughter. He is said to be now in Wyoming.

WOMAN WHO HURT FOUR GETS BAIL.

Pleads Not Guilty to Charge
of Reckless Driving; Insists
She Fainted at Wheel.

Miss Edith Anderson, 25 years of age, of 4111 Temple street, yester- day entered a plea of not guilty to a charge of reckless driving that was placed against her following an accident at Seventh and Hill streets several days ago in which an auto- mobile driven by her knocked down and seriously injured four persons.

The case was set by Police Judge Chambers for the 13th inst. at 2 p.m., and the young woman was re- leased under \$150 bail.

According to Miss Anderson's story she fainted while at the wheel of her machine and the car plunged through a crowd of pedestrians waiting to board a street car. She stated that she stopped the auto- mobile behind the street car but that her foot slipped from the

clutch after she lost consciousness. Police who are gathering witnesses in the case stated yesterday that all the injured are now out of danger.

MRS. LANGFORD STACK SEEKS SEPARATION.

A suit for divorce has been filed in the Superior Court against J. Langford Stack, well known polo sportsman, on the grounds of men- tal cruelty. Mrs. Stack is the daugh- ter of Mr. and Mrs. Charles Mo- dinal Wood and was married to Mr. Stack in 1915, the affair being one of the social events of the year.

Mrs. Stack asserts that she and her husband, who is twice her age, have been traveling the greater part of their married life and that because of her refusal to continue these trav- els the break came.

BANK CHARTER APPROVED.

The charter of the First National Bank of La Habra, with a capital stock of \$50,000, has been approved by the Comptroller of the Currency, according to word received yester- day from Washington. The new bank has taken over the First Bank of La Habra. The Comptroller also re- ceived application for the organiza- tion of the Citizens National Bank of Rialto, with a capital stock of \$25,000.

OBRIKAT BACK FROM BUYING FUR ABROAD.

Returning to Los Angeles on Wednesday morning of last week, P. Obrikat of the Obrikat-Meyer Fur Company, brought to a close a six- months' buying trip abroad. While he was away, Mr. Obrikat visited all of the great fur markets of Eu- rope. He states that his trip was replete with many interesting ex- periences and that while it was made under more difficult conditions than usual, he was unusually fortunate in bringing back to Los Angeles a wonderful stock of furs. Many of his finest pelts were obtained in Russia.

The furs secured during his trip are presented at their Seventh-street store.

ASKS DAMAGES FOR ARREST.

Frank J. Wood, an automobile man, and A. G. Rely, his attorney, were made defendants yesterday in a suit filed by Mrs. Josephine B. Blanchard, growing out of her as- serted arrest and a suit for the pos- session of an automobile. Mr. Wood had sued Mrs. Blanchard to recover the automobile and the arrest fol- lowed on an affidavit filed by Mr. Wood. She asks \$6150 damages.

What's Auto-Intoxication?

A PROMINENT physician recently said, "All data shows that the ordinary individual over-balances in favor of proteins by too great a consumption of meats."

This clogs the system with im- purities and often toxin poisons.

Serious stomach disturbances result.

In fact, many diseases, includ- ing mental and nervous troubles, are the result.

But why suffer?

Include today in your diet Nature's correctives, fruits and cereals in their proper propor- tions—as are found only in Fruited Wheat or Fruited Oats.

They promote a natural action of the digestive tract, therefore eliminating all such poisons that lead to Auto-Intoxication.

There are always aggravating children—but they always belong to the neighbors.

Quite a number of disreputable straw hats in our midst just now, but don't throw away.

Now for the Gov. Cox special routing through the Northwest. Here she comes, there she goes.

A fellow can look prominent in a hotel lobby if he knows how to work it. It is all in the how.

It is evident that Senator Harding is going to stick to the front porch if it takes all summer.

These days the man who carries two spare tires on the back of his automobile is looked up to.

It is a good rule in this life to always volunteer, no matter how dangerous or unimposing is the task.

There is a housing question, of course, but everybody seems to have some plan to starve. Will somebody kindly explain?

Secretary Coffey and Ambassador Shidehara of Japan are passing a lot of conversation in regard to Chinese immigration. "Ohio!"

And now the Tartars are all "hot" over the high cost of living. It is a common grievance that appears to make the whole world skin.

Both of the leading parties have improved the national budget plan. There is nothing to do now but get something to put in the budget.

The fact that Senator Harding is not a natural-born note writer will come in handy when the Mexican situation is in a settled again.

A new party organized to get a Federal bonus of about \$1000 for everybody to help meet the high cost of living will poll an immense vote this fall.

The Prince of Wales is headed for the United States again. Are the marriageable young women of San Diego all primed for the visit of his Royal Highness?

Co-operative stores of organized labor are always a failure. There is no personal incentive to make money and that is the first thing to make the business go.

As we understand the situation, the Democrats are not limiting the campaign contributions this year to \$1000. It was in 1916 that there was some talk of that sort.

Gov. Coolidge will make a number of speeches during the campaign, and we are hopeful that he will tell the world how he plans to rent a good home for his month.

The population of the United States is made up mostly of those who make and sell automobiles, those who produce moving pictures, and those who stand in line to pay to see them shown. This is a sad world, my masters.

On September 17, the anniversary of the adoption of the American Constitution by the constitutional convention, the Republican party will open its national speaking campaign. From that hour until November 3, strategy will be on the stump continuously.

Chairman White of the Democratic National Committee was asked if the supposed expense by Gov. Cox of the campaign fund of the Republicans was due to the fact that certain interests solicited to contribute to the Cox fund had refused. He declined to either admit or deny it, saying it was a matter for Mr. Magleto, O.

What has become of Edward J. Moore of Youngstown, O., who fretted his brief hour on the stage as a member of the Democratic National Committee and chief booster of Governor Cox at the San Francisco convention? His Edward looked himself up in the "wondering room" where he can give vent to his views of Cox without being disturbed by the police?

The Democrats of California are likely to be slapped on the wrist by President Wilson. They walked to the polls Tuesday and voted to a man for Senator Phelan's renomination. And the California man plunked a hearty "no" against Article X of the Versailles treaty when the test vote was made in the Senate. This is the average Democratic consistency, however.

The continued illness of President Paul Deschanel of France is creating much comment in the republic. But with responsible ministers exercising practically all the executive powers the illness is not a situation in France is not exactly like that in the United States, for in France, while the Executive exercises large powers, practically all his official acts are performed through his ministers.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, Sept. 3.—The approaching protracted holiday season has caused the stock market index, dealings falling away to a marked extent during the forenoon when traders were most intent upon converting their profits into cash.

Boards evinced little disposition to extend their commitments in spite of these maneuvers, developments of the season, particularly the greater ease of money and impending extensive gold imports, offering little inducement.

Not all of the day's activities were favorable, however. Cables from Brazil, suggested economic disturbance in that country, while the weekly survey of domestic trade authorities again stressed cancellation of orders in many branches of business.

Rails forfeited little of their recent advance, but yielded in prominence to favorites of the industrial division.

GETS TERM AT ISLAND FOR DRIVING OFF CAR.

Carl Jacobs, a chauffeur employed by a South Pasadena garage, was sentenced to eighteen months in the Federal penitentiary at McNeil Island by U. S. District Judge Trippe yesterday for driving an automobile from one State to another without the consent of the owner.

The machine is the property of John L. Richardson, the attorney, and had been leased to the garage by the month. Jacobs drove it off, the testimony showed, taking a woman with him, and the couple went to Phoenix, where Jacobs traded it to a party from Brownsville, Tex., receiving another machine and some cash.

FUNNY MAN OF FILMS SUED FOR LARGE SUM.

FOUR HUNDRED THOUSAND CASH ASKED ON CHARGES OF BROKEN CONTRACT.

The Vitaphone Company, Inc., of America, brought an action in the United States District Court yesterday against Lawrence Semon, comedian, better known as Larry Semon in the cinema world, for a judgment of \$407,225.22 on account of alleged breach of contract between the comedian and the corporation.

It is charged that the parties entered into a contract to run for a year from Nov. 25, 1919, and that the salary of Semon during that time was to range from \$2000 to \$3000 a week, according to the progress of the work. Twelve pictures in all were to have been made under the terms of the contract.

It is further set out in the bill that in June last, Semon notified the plaintiff corporation that he had an opportunity to sign a much better contract by the terms of which he would be paid \$5000 a week, and would be compelled to make but six pictures instead of twelve. He asked that he be given a new contract. This was refused. It is charged that Semon then breached the contract with the plaintiff corporation.

SIMONS CASE IS LAID TO ENEMY.

Sued by Minor Kin, Head of Brick Company Replies.

Blames "Unseen Influences," Makes Light of Charges.

Ninth Court Action Started by Same Man, He Says.

Unseen influences, operating behind the mask of a \$500,000 suit brought by two minors against the Simons Brick Company, were yesterday declared, by Walter R. Simons, principal defendant, to be responsible for the latest litigation, which he said makes the ninth suit in six years, from the same source.

"It's all in a day's business," he commented spontaneously. "We're almost at the point of establishing a separate department for litigation from this source. I don't think the plaintiffs, who are my brother's heirs, have had a great deal to do with it. One of them, Joe Taylor Simons, is so much of a minor that he has been mining his estate until it is almost undermined and has succeeded in keeping the name of Simons before the public by his splotchy divorce in Nevada, remarriage and the second divorce recently granted the first wife because she didn't believe the Nevada decree was good enough."

Charges made in the suit were treated lightly by Mr. Simons. Joe Taylor Simons and his sister, Helen, acting through guardians, accused their uncle and the board of directors of the company of covering up the actual assets of the company of mismanagement, of attempting to compel the plaintiffs to sell their 20 per cent holdings in the firm, and of other declared injustices.

"The real history of this litigation dates back to the spring of 1914," said Mr. Simons. "Since then we have continually defeated the influences which have sought to ruin the business. Although this is the first suit in which Joe Taylor and Helen Simons figure, it is really the ninth, in which I believe the same map has had a part."

"We have in cash more assets than the plaintiff's assets, and I am not in the least afraid that a receiver will be appointed to handle the affairs of the company. Some time ago I was requested to buy the holdings of the plaintiffs and a price was set in which I agreed. Later the price was withdrawn. Then we threw open our books to auditors representing them and for the first time discovered that the company was thoroughly investigated. The trivial things which are included in the suit show that nothing of consequence was discovered unfavorable to the management of the corporation. Its every act has been done legally by the board of directors."

HIGH OPERATING COST OF RIVER DIVISION.

DEPOSED HEAD OF IMPERIAL WATER DISTRICT QUOTES AUDITORS' FIGURES.

[SPECIAL CORRESPONDENT.] EL CENTRO, Sept. 2.—The great increase of cost of operating the river division of the Imperial Irrigation District system has been pointed out by the board of directors of the district in a letter by S. T. Tyler, until recently acting general manager. Mr. Tyler was recently superseded as manager and F. N. Cronholm appointed in his place.

Mr. Tyler's letter gives the following figures which he states he secured from the district's auditor: Operating expense of river division in 1916 under C. R. Rockwood, \$146,808.56 or 19.6 cent per acre foot; in 1917 under C. K. Clarke, \$231,827.15 or 16.7 cent per acre foot; in 1918 under C. K. Clarke seven months and F. N. Cronholm five months, \$256,314.00 or 22.5 cent per acre foot; in 1919 under Mr. Cronholm, \$259,437.91 or 21.8 cents per acre foot; in 1920 up to August 1, \$257,491.91. Mr. Tyler says that the cost per acre foot in 1920 will exceed that of 1919. His letter adds: "You will note the extraordinary annual increase in operating expenditures on the river division, and particularly during the year 1919. In addition to this, the expenditures for the first seven months of 1920 are \$65,323.46 in excess of the corresponding months of 1919."

"The operating expenditures on the river division are still more extraordinary in view, during the past two years, of the purchase of additional equipment such as locomotives, dump cars, locomotive cranes, steam shovels, shop machinery, etc., as well as enormous expenditures made for new tracks, new townsite and living quarters for employees, cableway over Colorado for water construction, etc., the cost of which are not included in the above figures, and the use of which should have resulted in a material reduction in the operating expenditures."

"The river division, by your arrangement, has not been under my jurisdiction, still on account of my general interest in the district's affairs, I have closely observed its operation."

"However, except verbally, I have refrained from drawing your attention to this extraordinary expenditure, and would still pursue this policy were it not for the fact that you are still laboring under the erroneous impression that extraordinary economy has been exercised and more particularly because the published reports to this effect, by an untrue commission, reflecting on previous administrations with which I have been associated."

"The operating expenses on the valley division each year since 1917 have been reduced."

Mayor Snyder yesterday appointed Miss Ora Jean Rhontz, attorney and social welfare worker, as a member of the Playground Commission to succeed Mrs. Sam M. Kreider, who resigned. Miss Rhontz, if confirmed by the City Council, will serve until Jan. 1, 1922.
